The stone in accordance with the mentioned number has been identified as a Laboratory Grown Diamond.

Selective characteristics have been indicated in order to clarify the description and/or for further identification. Symbols do not usually reflect the exact shape or size of the characteristic.

# **GRADING REPORT CHECK**

Check your grading report online: my.hrdantwerp.com

A Laboratory Grown Diamond is man-made but features the same optical and physical properties as a natural diamond including its chemical composition, refractive index and 4C's.
